

Annexure – I

BHEL requires additional vendors (manufacturers only) for supply of copper cathode conforming to specification Copper Cathodes conforming to specification ASTM B 115 / BSEN 1978:1998 and IS 191/1980. Our annual requirement is approximately 850 tonne. In general lot size is 10 tonne to 50 tonne depending upon shop requirement. Interested manufacturers may apply for vendor registration by downloading the supplier registration form from our web site www.bhelbpl.co.in / www.bhelbhopal.com / www.bhel.com. Duly filled supplier registration form along with supporting documents is to be submitted to AGM (SDC), BHEL, Bhopal.
